Databases:	Microsoft SQL Server

Work Experience

Software Developer:

Techprocompsoft Technologies Private Limited [Noida, Uttar Pradesh]

[October 2022] – Present

- **Designed and developed** high-performance web applications using **ASP.NET Core** and **React.js**, improving user experience and application responsiveness.
- **Implemented RESTful APIs** with **ASP.NET Core**, facilitating seamless data exchange between front-end and back-end systems and enhancing overall system functionality.
- **Utilized Entity Framework** for ORM in **C#** to manage database interactions, streamline CRUD operations, and ensure efficient data retrieval and manipulation.
- **Leveraged LINQ** for querying and manipulating data in **MS SQL Server**, optimizing query performance and simplifying data access logic.
- **Collaborated with cross-functional teams** to design and optimize features, resulting in a 20% reduction in load times and a 15% increase in user engagement.
- **Utilized Redux** for state management in React.js applications, streamlining data flow and improving application stability.
- **Performed code reviews and provided mentorship** to junior developers, fostering best practices and improving team productivity.
- Utilized **Azure DevOps** for version control, build automation, and release management, enhancing team collaboration and development efficiency

Junior Software Engineer

Potomac Technologies Pvt Ltd [Indore, Madhya Pradesh]

[October 2021] – [October 2022]

- **Contributed to the development** of enterprise applications using **C#, ASP.NET Core**, and **Entity Framework**, improving application functionality and performance.
- **Executed complex queries and stored procedures** in **MS SQL Server**, optimizing data retrieval and processing for high-traffic applications.
- **Assisted in troubleshooting and debugging** application issues, providing timely resolutions and maintaining high application availability.
- **Participated in agile development** processes, including daily stand-ups, sprint planning, and retrospectives, to ensure timely delivery of features and bug fixes.
- **Documented and communicated technical solutions**, facilitating knowledge sharing and ensuring clear understanding among team members.
- **Developed and consumed RESTful services** with **ASP.NET Core**, ensuring efficient and secure data exchange between client and server applications.

Educational Qualification

Degree/Examination	Institution	Year	Score
B. Tech (Computer Science and Engineering)	Acropolis Technical Campus (RGPV)	2017-21	7.46 CGPA
Senior Secondary (PCM)	CBSE Board	2016-17	65.6 %
Higher Secondary	CBSE Board	2014-15	8.6 CGPA

Certification & Training

- Hacker Rank Certificates
 - C# (Basic)
 - Core Java (Basic)
 - Problem Solving (Basic)
 - SQL (Basic)
- Udemy Certificates
 - Complete C# Masterclass
 - Git and Visual studio with Azure Devops
 - ASP. Net Core
